Warranty Information.

This warranty covers the Laundry Collection by Newtech and applies to defects which have arisen solely from faulty materials or workmanship in the products and does not apply to other defects which may have arisen as a result of, without limitation, the following: accidental damage, abuse, misuse, maltreatment, abnormal stress or strain, harsh or adverse weather conditions, including excessive water pressure or temperature, or neglect of any kind.

Commercial situations are defined as public washrooms, public buildings, schools, sports centres, gymnasiums, hospitals, motels, hotels and retirement villages.

Alterations and repairs of the products performed by someone other than a Newtech pre-approved service person are not covered. This warranty commences from date of purchase or for new buildings on the date of handover for the relevant period set out in the warranty periods table.

In addition to this extended warranty, certain legislation may give you certain rights which cannot be excluded, restricted or modified. This extended warranty must be read subject to NZ laws, and nothing in this warranty has the effect of excluding, restricting or modifying those rights. Newtech warranty periods are dependent on date of purchase and may be different to what is stated in this publication.
