Your Complete Kitchen Solution

Your complete kitchen solution

Welcome to your complete kitchen solution - designed to fit your space, meet your everyday needs and deliver on a quality NZ made product.

Today's kitchens are more than just spaces for preparing meals; they are open and dynamic spaces where families gather, and stories are shared.

Our design philosophy adds life to a kitchen, blending functionality with creativity, which allows you to organise your kitchen seamlessly, ensuring practicality takes centre stage without compromising on style.

Our vision is to create a kitchen that not only works for you, your team, and your customer, but truly becomes a living space at the heart of the home.

What we can offer

Your Complete Kitchen Solution
Designed, Made & Delivered by Newtech. We offer functional and practical kitchen solutions, designed & manufactured to meet your needs, and delivered by our team to ensure quality, affordability, and timely completion.

Tailored Kitchen Flexibility
Customise every detail - from wall and floor cabinetry to colour and benchtop finishes as well as storage solutions - for a kitchen that truly fits your space and style.

Made by Newtech in New Zealand
Our kitchens are designed and manufactured in our state-of-the-art purpose built NZ factory and delivered by us to guarantee quality, affordability, and on-time delivery.

Sustainable Manufacturing
Our kitchens are manufactured using FSC-certified materials, ensuring that the wood comes from responsibly managed forests. Sustainable, stylish, and built with care for the environment.

With You Every Step of the Way
With over 20 years of experience, we ensure a seamless journey from your first consultation to the final kitchen installation.

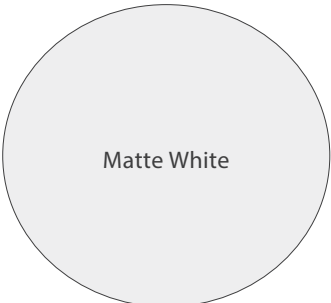

More than just kitchens
Transform your home into a seamless sanctuary with more than just a Newtech kitchen. Elevate your living space by incorporating a sleek Newtech bathroom, a functional laundry area, and a cutting edge wardrobe for that ultimate comfort and style.

Refined Elegance

Rich chocolate brown cabinetry paired with crisp Matte White creates a striking balance of warmth and modern elegance. This sophisticated contrast adds depth and dimension to the kitchen, blending timeless richness with clean, contemporary lines for a truly refined look.

The kitchen process

Measure, Design & Submit Your Plan

Start by measuring your kitchen space and designing your ideal layout. Consider your preferred style, storage requirements, and appliances - including whether you cook with gas or electric. Once ready, email your plan to kitchens@newtech.co.nz or contact us directly for a consultation.

Personalised Design Consultation

Once we receive your plan, our design team will arrange a consultation to discuss your needs and style preferences. We'll offer professional advice and creative suggestions, then provide a tailored layout complete with a 3D design and quote for your new kitchen.

Confirmation & Review

Once you approve the design and quote, our technical team will carry out a thorough review to ensure every detail is accurate and complete. This includes checking measurements, materials, and appliance specifications to guarantee everything fits perfectly.

Timeline & Manufacturing

We'll work with you to finalise a timeline that suits your schedule. Our team will confirm production times and delivery details, ensuring you know exactly what to expect at every stage.

Delivery & Installation Support

We will deliver your new kitchen with care and ensure a smooth transition into your space. If installation is required, our team can assist or coordinate with your installers.

Let's talk about your next kitchen project

Whether you're planning a large-scale commercial project or a residential new build, our experienced team are here to support you every step of the way. We offer tailored guidance and expert consultation to help bring your vision to life.

Big or small, we invite you to discuss your ideas with us to see how we can assist in making your kitchen project a success.

Contact us today on 0800 728 662 or kitchens@newtech.co.nz

Cabinetry

Solid Colours

All solid colours feature a Naturale finish, which is a smooth matte surface with minimal texture. Sourced from environmentally responsible suppliers and FSC-certified NZ forests - ensuring the wood comes from responsibly managed, sustainable sources.

Colours in this catalogue are representative only. Please do not go off the catalogue for colour matching as this is subject to print variation. If you are interested in colour samples, please contact kitchens@newtech.co.nz.

Cabinetry

Woodgrain Finishes

All woodgrain finishes come in either an Organic or Timberland finish, both providing a matte appearance with varying levels of texture. These finishes are designed to enhance the natural characteristics of real timber. Sourced from environmentally responsible suppliers and FSC-certified NZ forests - ensuring the wood comes from responsibly managed, sustainable sources.

Benchtops

Zero Silica Engineered Stone

The ultimate in luxury and performance, and crafted for exceptional durability. Innovative silica-free composition offers a safer, more environmentally conscious choice - without compromising on style or quality. All benchtops are measured and made to suit your space.

Innovating and building connections for over 20 years

Our journey began in 2000 from the regional city of Whanganui, where a small yet passionate team had a vision to not only create innovative bathroomware, but to make dreams come true for everyday New Zealanders. Since then, we've expanded our range to include laundries and now kitchens, designed and sustainably manufactured right here in New Zealand for Kiwi households.

Today, our team spans the entire length of New Zealand, and together, we form the backbone of Newtech. Whether you're engaging with our customer service team at our state-of-the-art manufacturing facility in Whanganui, visiting one of our leading designer showrooms in Auckland, Palmerston North or Christchurch, we are committed to delivering the best experience possible.

At the heart of our business are design, innovation and customer service. These core values ensure you receive the best possible service every day - whether it's through a delivered product, a phone call, or a visit from one of our team members. You can trust in our products, our brand, and most importantly, our people.

As leaders in New Zealand, we're dedicated to building lasting relationships and connections with our customers and ambassadors across the country. In a competitive market, we understand the importance of moving quickly, which is why we design and manufacture as much as we can in-house.

If it's possible, we'll make it happen!
